## Stainless Steel Rebar

- Product from Mittal Corp Limited, leading name in Indian stainless steel industry
- Manufactured at new state-of-the-art plant and equipment through contemporary international technology from Danieli Morgardshammar, Italy
- Ideal for RCC structure in marine, coastal & aggressive industrial environment
- Enhanced structure life expectancy over 30 times of RCC structures
- Product features: High mechanical strength, ductility, good weldability, high corrosion resistance & fatigue resistance
- Available in complete range of sizes
- Cost effective

## Specifications

Grades	Duplex Steel: ASTM S32 101; S32 205		
Dimensions (mm)	8-12 (in coils) & above 12-32 (Straight length)		
Size tolerance	According to ASTM A615		
Weight of bundle	2 MT Max for straight length and about 1200 Kgs. in coils		
Mechanical properties		S 32 101	S 32 205
	Yield strength (MPa Min)	> 500	> 600
	Ultimate tensile strength (MPa Min)	> 700	> 750
	Elongation (%)	30	35
